Module Size	22.5 x 45 mm and 45 x 45 mm
Storage Temperature	-40 to +70 °C
Operation Temperature	-10 to +60 °C
Max. Humidity Operation	93 %

Solarix French style modules are designed for installations in modular outlets and floor boxes. Their size 45 x 45 mm enables their use in most modular systems that can accommodate products with these dimensions. The packaging includes multicolour plastic labels (i.e. red, blue, and white) with a PC and a phone icon to help to distinguish between individual ports. All Solarix French style modules are equipped with a shutter door and can also be fitted in the Solarix SXF-R-2-WH frame - i.e. it creates a complete modular wall-mount or surface-mount outlet (with the optional SX9-0-WH box). The colour of the modules is white.

Part No.	Description
SXF-M-1-22,5-WH-P	Solarix French Style Module 22.5 x 45 mm for 1 Keystone, White
SXF-M-1-22,5-WH-U	Solarix French Style Module 22.5 x 45 mm for 1 Keystone, Angled, White
